# T'IS THE SEASON TO BE *jolly*...

Which is perfect for us since everything we do is to make our customers happy!

Our journey started back in 1999, when the Higginson family wanted to add even more sparkle to Christmas, with beautiful lights designed to look fabulous, year after year. Today, it's still a family affair, but we've now got a whole team of festive folk devoted to offering lovingly selected products.

Inside this Christmas Collection, you'll find inspiration for your indoor and outdoor seasonal décor, our four key trends for 2019, and expert advice from interior stylist and Instagrammer, Dee Campling.
