# Pump up the glam

Stylish, contemporary and oh so chic, this style takes garden décor to the next level. Create a dramatic focal point with draped festoons, set the scene with stylish lanterns placed around the floor and on tabletops for variety, and finish with fairy lights for added sparkle.

*top tip*  
 Hanging your festoons low gives ambient lighting and just the right amount of drama

## Enter the world of smart lighting!

Twinkly's app-controlled lights have already revolutionised the Christmas lights market and now they're transforming year-round lighting too.

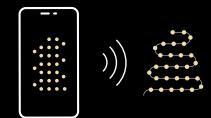

Using an app on your smartphone (iOS and Android), or by instructing your smart speaker, you're able to control your whole Twinkly display; syncing different light sets together using the handy grouping function. You can set the colour, pattern and the effects, by mapping every single LED, and can even set your lights to music! With all this power at your fingertips, you'll create the perfect summer vibe, from a colourful tropical paradise to a cool, contemporary retreat.

# Beautifully bronzed

It's not just about getting a bronzed body this summer... The industrial style has been popular in interior décor for some time and is now making its way outdoors too, meaning that metals are a huge trend for 2021. Whether your style is as bold as brass or you prefer glittering gold, adding metallic elements brings a warm, inviting and subtly glamorous tone to your space.
